

# Group 3

## Evaluation of seismic resistance of buildings in Peru

### Group Leaders

Dr. Carlos Zavala

PI - SATREPS Peruvian side

Dr. Taiki Saito

Professor, Toyohashi University of Technology

## EXISTING BUILDING TYPES IN PERU

**Adobe**

**Quincha**

**Concrete  
Ductility Walls**

# 1. How strong the building against earthquakes?

## Test of Material Strength

CISMID

## Test of Structural Walls

## 2. How to evaluate real building behavior?

### Monitoring using IT sensors

## Installation of IT sensors

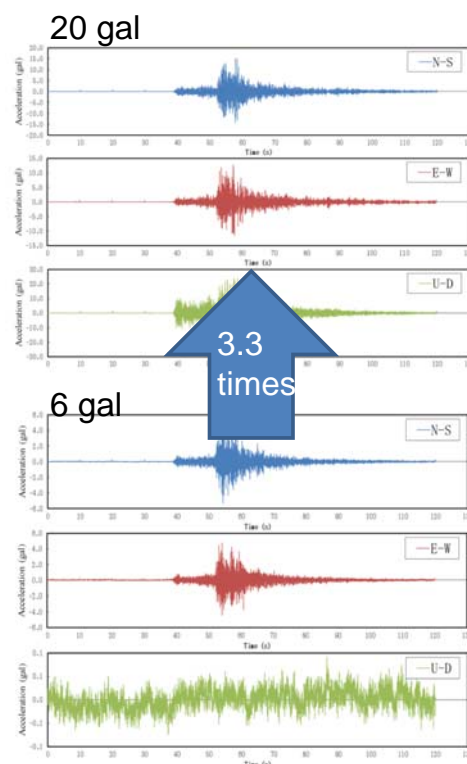

Sensor at ceiling

Sensor at ground

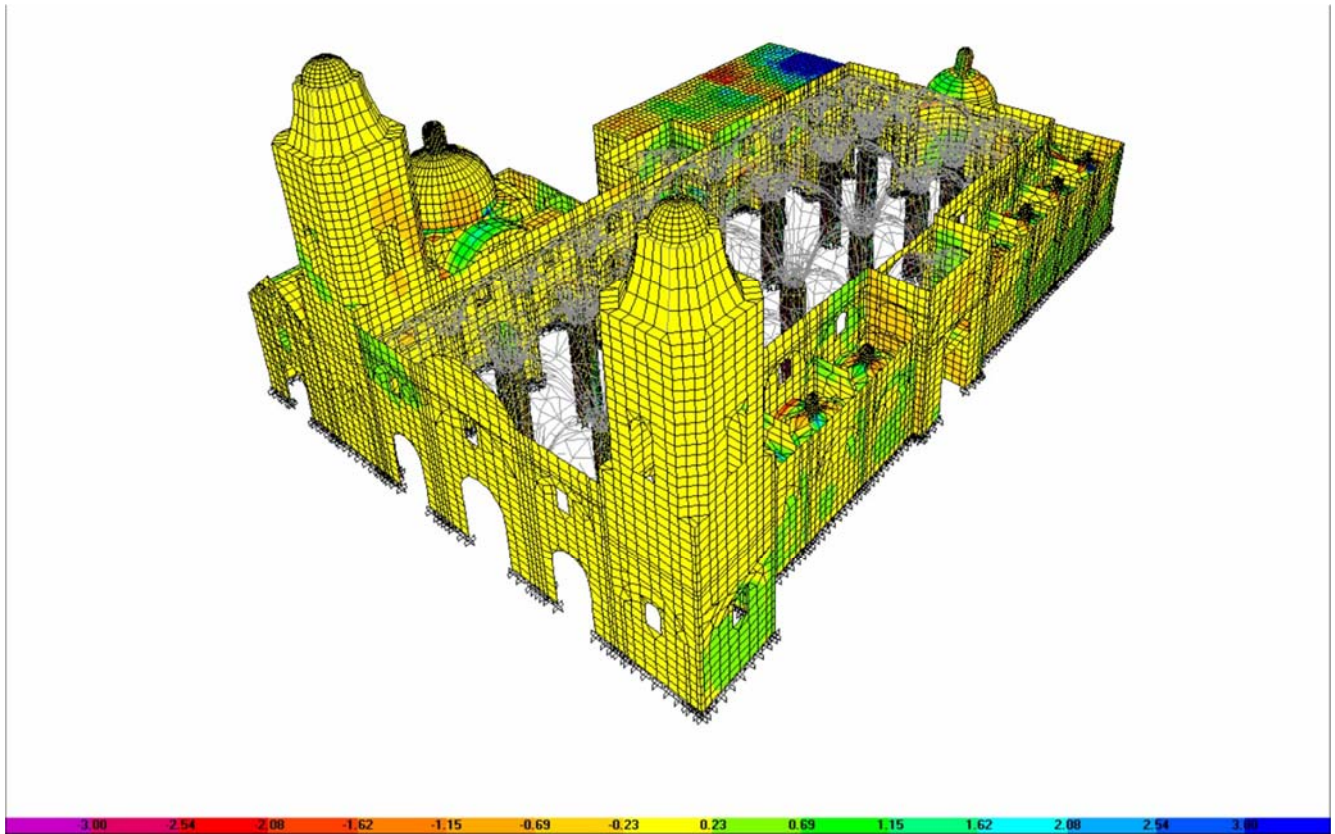

Obtained record for **earthquake on 31 Dec. 2012**

*Roof level*

*Basement level*

# Computer simulation

**SANTO DOMINGO**

**SAN FRANCISCO**

**SAN AGUSTIN**

**CATHEDRAL OF LIMA**

Check List for simple evaluation

**SAN PEDRO**

**LA MERCED**

**MAIN  
CHURCHES OF  
LIMA CENTER**
